This is the first year that the Department has not made extensions of Water Mains or relaid those that were too small, or ones that were filled with corrosion.

There are many mains that must be relaid to give the proper flow of water for the use of the Fire Department.

A BRIEF HISTORY OF YOUR WATER DEPARTMENT

In 1887 the Straw Reservoir was built and pipe lines laid to and through the streets of the town. The following year the McQuaid Reservoir was built, followed by the building of the Fitch Reservoir. The three had a storage of 32 million gallons.

After pumping directly from the river in very dry years, the wells on Kelsey Island were constructed and a Pumping Station was erected. The town bought the system in 1902.

The Dole Reservoir was built in 1913 and a 20 in. pipe line laid to the Town at a cost of $70,708.00.

In 1923 the White Water Brook Diversion Dam and a pipe-line was laid to the Dole Reservoir, at a cost of $75,000.00.

In 1935 the Rice Reservoir was completed at a cost of $46,000.00.

The above issues are all paid in full.

The New White Water Brook Reservoir was completed in 1944 at a cost of $99,680.21. $25,680.21 of this amount has been paid by the Water Department.

We now have a storage capacity of 199,700,000 gallons.

REPORT OF THE TRUSTEES OF THE FISKE FREE LIBRARY

During the year 1944 there has been a slight increase in circulation but it is far from being what it was before the war.

The largest gain was in history due to the interest in the war. Books on economics are widely read as are books on biography and travel. Technical books are also in demand. As always there is a great demand for purely receational reading. As the boys come back there will be an increased call for books which we must strive to supply.

The circulation in the children's department remains about the same. The career books are popular with the girls and the boys show a keen interest in books on the war and aviation.

The circulation for the year was 57825.

1072 books have been accessioned of which 100 were given.

466 new borrowers were added.

481 books were discarded.

The usual activities have gone on and we have made every effort to help those who have made special requests. In many cases books we were unable to supply have been borowed from the State Library. Books have been loaned to the Public and Parochial schools, Bookmobile, Frances Tolles Home, Rural Women's Reading Club, Monday Reading Club, Newberry Public Library and to several groups of people living outside. Our discarded books have been given to the County Home.

Although there has been no drive this year to collect books for the men and women of the armed forces we have had individual calls for books which we have been able to supply in some measure. Books have been sent to Fitzsimmons General Hospital in Denver and to Gore Field, Montana and Whitehorse Yukon Territory, where our former assistant Pvt. Ina Townsend is stationed.

During Book week several teachers brought their classes to the Library.

Pupils of the Bow School in Weathersfield visited the library and Historical Room early in the year.

Books are brought to the attention of the puplic by newspaper publicity, table exhibits and bulletin board display. Posters and other material to aid the Red Cross, and T. B. and bond drives have been distributed and displayed.

Mrs. Mildred Chandler attended the N. H. L. A. meeting in Concord.

We have had several exhibits among them an interesting piece of wood carving done by Mr. J. Joseph Fowler of Hotel Moody and another of war trophies from New Guinea given by T/5 Harold H. Converse who is stationed in the Pacific.

We extend our thanks to all those who have given us books, magazines or other articles. We are especially grateful to the following:

Miss Assunta Barucci	Puzzles
T/5 Harold H. Converse	Souvenirs from New Guinea
Dr. Porter Dexter	Bookmarks
Mr. Lowell Green	Books
Mrs. A. B. Kellogg	Books
Mr. Louis Maxson	Books
Monday Reading Club	Books
Mr. Walter Pierce	Items of historical interest.
Union Church and Union Church Guild	Books in memory of Roy D. Hunter
Col. and Mrs. W. J. Wilgus	Books

Following is a list of others who have made gifts to the library or helped us in service to the community.

HEALTH OFFICER'S REPORT

To the Board of Selectmen:

The Board of Health has caried out its functions this past year in the customary manner in spite of the many war time restrictions encountered. Our most serious shortage or restrictions have been encountered in the inability to receive any more than minimum nursing and doctors services. We had in Claremont one outbreak of Infantile Paralysis that required considerable nursing care and doctors advice. This outbreak was handled with the real cooperation of every citizen in Claremont for which we were grateful.

Diptheria immunization for the prevention of this disease has been continued as in former years by the Health Department. This is given to children not having previously been treated. This work is done on a voluntary basis and free to Claremont children. This treatment may be done either as a single or double innoculation treatment as parents may choose. However the Health Department recommends two injections.

Acting in accordance with requirements of Chapter 123, Public Laws of New Hampshire, school children not already having been vaccinated against smallpox were done during the summer recess or at the beginning of the school year under the direction of the Board of Health and the cooperation of Schools Department.

The Meat Inspection Department of Board of Health has been functioning in an efficient manner according to regulations set forth in local ordinance providing for it in 1943. The town of Claremont has had ample meat at all times this past year and this can only be attributed to the satisfaction the local meat merchants have shown in the quality of health standards the meat products have shown. Routine inspections of all carcasses sold here have been made as well as meat market inspections.

Regular and routine inspections have been made of all food handling stores, restaurants, ice cream and soda fountains, fruit stores, drink dispensing establishments, and barber shops, with the general findings of conditions very satisfactory.

The Board of Health has received fewer than usual the number of so-called "Nuisance complaints" totaling 78 cases which required investigation. These complaints vary in nature, the majority, however, were unsanitary conditions that were found in various sections of town not to be desired by neighbors.

Again this past year we have allowed the practice of poultry raising and other domestic animals in the more compact areas in Claremont provided they are kept in sanitary manner and are not allowed to constitute a nuisance to neighbors. This practice has been allowed due to the existing food shortage.

The communicable diseases reported to this department this year has dropped markedly due probably to the fact that only a relatively few diseases now require quarantine. We have relied much in the reporting of child sickness to the cooperation of our School Nurse, but sincerely request parents to help keep us informed as to existing sicknesses in Claremont as nearly all diseases are reportable to State Board of Health according to law. Those reported during the past year are as follows: Scarlet Fever, 21; Pneumonia, 6; Measles, 42; Chicken Pox, 102; Whooping Cough, 8; Mumps, 4; Tuberculosis, ; Veneral Diseases, 19; Typhoid Fever, 1.

Routine samplings of municipal water supply have been made and submitted to State Board of Health Laboratories at Concord for analysis. The results of these samples have been highly satisfactory. Also several private water supplies have submitted water samples, mostly at their own requests and none of these have this year proved to be unsatisfactory for drinking purposes.

The Milk Inspection Department has carried on its routine inspections of stables and dairies and have regularly submitted samples of milk to the State Board of Health Laboratories at Concord for analysis. Even with all present shortages of labor on farms the findings have been very good.

The Board of Health wishes to thank the public, the physicians, the school nurse, the nurse connected with public health work here and nurses aids, the Claremont General Hospital and staff, and others who have given their cooperation and assistance in carrying out public health work in the past year.

Respectfully submitted,

WILSON R. HAUBRICH, V.M.D.,
Claremont Health Officer.

PUBLIC HEALTH NURSING ASSOCIATION

To the Board of Selectmen:

There were 4,023 visits made by the Red Cross Nursing Service.

ANNUAL REPORT OF THE N. H. TUBERCULOSIS ASSOCIATION, CLINIC AND NURSING SERVICE, CLAREMONT, 1944

January 1, 1944 December 31, 1944.

The New Hampshire Tuberculosis Association has continued to maintain a campaign for the early discovery of persons in all stages of Tuberculosis through its regular chest diagnostic clinic, X-ray, and nursing service, in Claremont as follows

Number of clinics held	10
Number of persons examined at clinics	263
Number of new and old patients having X-rays of chest	203
Number of children given Tuberculin Test	508
Number of positive cases of Tuberculosis under supervision of clinic	136
Number of new cases of Tuberculosis reported to Health Officer	11
Number of patients cared for at Sanatoria	8

Grateful appreciation is expressed to the men, women, and children of Claremont, who gave of their means and assistance in support of the Christmas seal Campaign, to assure the success of the 1944 program of the Association.

Respectfully submitted,

CLUFFIE M. GOBIE, R. N.

New Hampshire Tuberculosis. Association.

REPORT OF MILK INSPECTOR

During the past year twenty one commercial licenses have been granted and fees collected for same, besides the usual producers' licenses.

Several loyal milk producers have stopped deliveries due to shortage of farm help. One large producer sold his route to the Newport Dairies and this concern has picked up some of the smaller routes. The Newport Dairies are buying the milk they sell in Claremont from Claremont farmers, and their plant is inspected often by me and milk samples sent to Concord at frequent intervals.

Samples of milk and farm inspections have been kept up by me as well as State Board of Health.

There has been no increase in the price of milk in Claremont during the past year and in the face of shortage of farm help and hay at about $50.00 per ton. I don't know how long any of them can stay in business. Claremont is mighty fortunate to have men willing to go on under these conditions.

Any complaints of consumers will be gladly received and, if justified, will be corrected.

Respectfully submitted

L. R. HAUBRICH, V.M.D.
Milk Inspector.

REPORT OF MEAT INSPECTOR

The past year has been a busy one due in part to the fact that very little meat compared to normal has been brought into Claremont from the large packers, and the shortage of experienced help in our local slaughter house.

Regular inspections of markets has been made. The sale of fourteen carcasses has been refused due to non inspection. A total of 913 animals have been inspected before and after slaughter.

Divided as follows:

Cattle	Sheep	Calves	Hogs
745	15	127	26

A total of 130 either whole or parts of animals have been condemned and disposed of according to law as unfit for food, as follows:

Whole Cattle	Whole Calves	Whole Hogs	Parts
17	16	1	96

With the critical shortage of meat in Claremont as well as all over the country it behooves every person in Claremont to know that the meat they are buying has been inspected because there are people who would sell anything for food at these times.

Every meat merchant in Claremont has been very particular not to buy or sell any meat without the stamp of approval on it and we have had no trouble with any of them.

RECOMMENDATIONS

For the third consecutive year I recommend a cement curbing to be placed in the Tremont Square Parking area, replacing posts and chains in use there at the present time.

A separate article in the Town Warrant to purchase a new cruising car, to replace the one that is in use at the present time.

REMARKS

Without a doubt every police department in the country has been affected by the present war time conditions, either by men leaving for better jobs with higher wages and less hours as well as military service for their country. This department has been no exception. Officer Henry J. Marcotte had been connected with the department for nearly fourteen years left for other employment, while Officer Rudolph Dansereau, having been in the department for ten and one-half years left to go in business for himself.

Armand M. Normandin and Arnold A. Chandler have been appointed as regular officers. Officer Normandin had been a Special Police Officer for the past three and one-half years. Officer Chandler is a World War 11 Veteran having served five and one-half years in the Navy.

During the past year this department has received hundreds of calls from the citizens of Claremont during the early hours of the morning when we are without taxi service. While we are at all times anxious to help in emergency cases, when the calls come in it is difficult to determine just what constitutes an emergency case. Many trips have been made to the hospital which resulted in a race with the stork, but fortunately for the Mother and the Officers the hospital was reached in time. Many trips have been to help Service Men make train connections.

I wish at this time to thank our local telephone operators for the excellent service they have always been willing to give us. I fully appreciate the cooperation of the N. H. State Police Officers, Lieut. Basil Cutting, the Claremont Fire Department, Sheriff James W. McCusker, the Officers of this department, and to all others who have helped this department in trying to carry on its work this past year.

Respectfully submitted,

WILLIAM C. NOBBS
Chief of Police.

CHIEF ENGINEER'S REPORT

To The Board of Selectmen:

I hereby submit my report for the year ending December 31, 1944.

There were 10 bell alarms, and 304 still alarms, making a total of 314 alarms. There were no disastrous fires during the past year.

I have no recommendations to make this year for the purchase of additional apparatus or equipment.

A new aerial ladder truck was purchased with the money allocated to the Fire Department, by a vote at last Town Meeting in March. It is the opinion of the Fire Officials, that this truck, will be of great help to the Department, and the Public in general.

500 ft. of 2½ inch, and 500 ft. of 1½ inch hose was purchased during the past year.

The Department has on hand, 8,000 ft. of 2½ inch, and 1,800 ft. of 1½ inch hose.

No new fire alarm boxes have been purchased during the past year, with a few exceptions the fire alarm system is in good condition.

No new hydrants have been added during the past year.

The Two Way Radio has proved to be of great value to the Department, and in the future, I would recommend, that additional trucks be equipped with the Two Way Radio.

It is my opinion, that this small investment of the tax payers money, would more than repay them, in prompt and efficient service of the Department.

REMARKS

Again I wish to express my appreciation of the excellent cooperation rendered by all, including members of the Department, Telephone Company, Police Officers, and the Public in general.

This cooperation has been extremely gratifying to me, and very beneficial to the community.

Respectfully submitted,

ALLEN L. PALMER,

Chief Engineer.

FIRE WARDEN'S REPORT

For Year Ending December 31, 1944

To the Selectmen and Citizens of Claremont:

I would submit the following report:

There were no serious brush or grass fires in the Town of Claremont the past year. The total cost to the Department was $74.50

There are 7 Deputy Wardens, H. R. Fraser, W. M. Burr, Fire Station; Alfred Pierce, Dean Hill; A. H. Freeman, Red Water Brook; George Braley, Beauregard Village; Esmond Dansereau, Mulberry Street; and C. L. Cann, Pearl Street.

149 permits were granted in 1944, the matter of permits is lived up very well.

I sincerely thank the Public for their coperation and assistance.

REPORT OF THE VICTORY GARDEN SUPERVISOR

To the Board of Selectmen:

Town Victory Gardens were promoted in 1944 as a continuation of the 1943 Food Production Project. Land was provided for all citizens requesting such, on plots laid out and prepared at the Howe Farm on Elm St., Breck Avenue, Cossitt Avenue, South Street, and the Bluff. Eighty-one lots, 50' x 50' were used by the 48 adult and 8 youth gardens.

In spite of a very erratic growing season, good production was obtained on practically all of the plots. Three compressed air spray tanks were kept in constant use on insect and disease control and the latest garden information was posted at each of the plots on bulletin boards. Continuous supervision helped to keep food loss from insects, disease and stealing down to a minimum, as compared with other sections of the state where Victory Gardens were promoted.

In addition to these plots, the supervisor held more than 250 interviews with other local gardeners producing food on their own land. Approximately 100 telephone calls were received on garden work, and seasonable newspaper publicity and information provided through the local paper. Practical help was given our local problems by the staff of the County Extension Service and specialist at the State University.

REV. ERNEST A. BROWN

REPORT OF THE POSTWAR PLANNING AND INDUSTRIAL COMMISSION

This Commission was established at the 1944 Town Meeting and was set up with Arthur J. Rouillard, representing the Chamber of Commerce, as Chairman; Ernest F. Kidhardt, representing Labor, as Secretary; the Rev. Ernest A. Brown, Jr., representing the citizens at large, as Treasurer; Alexander F. Millar, representing Industry and Alfred T. Pierce, representing Agriculture. The final member was not appointed until June so that the Commission did not really get into operation until that time.

Since then the Commission has been diligently carrying on its work of postwar planning, making surveys of various kinds and endeavoring to increase industrial activity in Claremont both now and for the postwar period. A summary of the major activities undertaken by the Commission would include

1. The making up of a complete and accurate list of Claremont's service men and women.
2. The sending out of questionnaires to all of the service people asking about their postwar plans for employment, etc.
3. The making of a postwar employment survey of Claremont's industrial and business establishments.
4. Endeavoring to secure scheduled airline service for Claremont.
5. An endeavor to secure necessary improvement of Claremont's airport facilities.
6. The holding of special metings with Claremont's industrial, labor and agriculture leaders.
7. Investigation of the Postwar Housing problem.
8. Activities in connection with the endeavor to secure new industries.

The first activity of the Commission was the making up of a list of all of Claremont's service men and women. This was a difficult task as there were few records to work from. However, the job has been accomplished and the Commission now has a complete and accurate list of more than 1700 names. This list has been very useful in many ways, such as the making up of the Town's Honor Roll, the sending of Christmas Gifts and G. I. Bill of Rights pamphlets to the servicemen, etc. The list is being kept up to date and is available to any person with a legitimate use for it.

The next activity of the Commission was the sending out of questionnaires to all of the service men asking about their postwar plans for employment, etc. Forms were sent to the nearest relatives of the service men with the request that they be forwarded on to the service addresses. There was poor co-operation in forwarding this mailing and only a few hundred completed questionnaires were obtained in this way. In order to get as complete coverage as possible, the Commission later sent a mailing direct to the service addresses of the men as supplied by the Chamber of Commerce from its Christmas Gift list. Several hundred additional returns were obtained in this way so that the Commission now has almost 500 completed questionnaires. These returns contain a great deal of valuable information which is being summarized and used in the Commission's postwar planning work. A great many of the service men wrote enthusiastic and appreciative letters when they returned

the forms. There is no question but that the interest of Claremont's citizens in their service men's postwar plans has had an excellent effort on their morale and has been deeply appreciated.

During the past few months the Commission has been carrying on a postwar employment survey of all Claremont's industrial and business establishments. This survey was extremely important and has developed much worthwhile information for postwar use. The results of the survey have been published in the Daily Eagle and mailed to all interested citizens.

The Commission spent considerable time and effort in preparing a brief for submission to the Civil Aeronautics Administration in an endeavor to secure scheduled airline service for Claremont. It is interesting to note that Claremont was the only New Hampshire city or town with a properly prepared brief at the CAA hearing in Boston, and it is hoped that Claremont's petition will be granted when the CAA issues its decision in the next month or six weeks.

The Commission is also making strong endeavors to assure Claremont receiving proper consideration of its industrial importance in connection with the appropriations recently submitted to Congress for airport construction and improvement. A meeting of Claremont's civic organizations was held by the Commission and strong representations have been made to the authorities at Concord and Washington. The Commission has been assured that Claremont will receive a fair hearing in the matter and that its airport needs will be given due consideration.

In connection with its endeavor to increase co-operation and industrial activity in the Town, the Commission has held special meetings with industrial, labor and agricultural leaders. An open meeting was held on the Postwar Housing problem and a committee was appointed from this meeting to give the matter further consideration.

The Commission has made every endeavor to attract new industries to Claremont to increase industrial activity and employment opportunities and to secure greater diversification of industry. We have been handicapped in this endeavor due to lack of available labor and suitable floor space. However, the Commision now has one prospective new industry which looks quite favorable and which may locate in Claremont during the coming year.

Postwar planning work of this kind is necessarily a long term proposition and results are not quickly evident. However, the Commission feels that a good groundwork has been laid and progress made toward some substantial and worthwhile accomplishments. The Commission has been operated economically and we anticipate

a continuation of the work of the Commission during the coming year will achieve much good for Claremont both now and in the postwar period.

The Commission wishes to take this opportunity to thank the Town Officials, the Daily Eagle, the representatives of labor, agriculture, industry and the veterans organizations and the citizens in general for their helpful and willing co-operation during the past year and to request a continuance of this spirit of co-operation during the coming year.

Respectfully submitted,
